

TERMS OF SERVICE

This document ("Agreement") sets out the Terms of Service for the purchase of electricity between Tara Energy, LLC ("Tara Energy", "we" and "us") and you, the customer ("you", "your" and "Customer"). Customer and Tara Energy may be referred to individually as a "Party" or collectively as "Parties" herein. Your electricity requirements at the service location or ESI ID designated by you on your Enrollment or Renewal Form will be served under this Agreement. This Agreement shall not be applicable to Customers who have a time of use meter.

Tara Energy is your Retail Electric Provider ("REP"). Tara Energy sets the charges you pay for retail electric service. The electricity that Tara Energy sells to you must be transported to your service location over transmission and distribution systems which will continue to be regulated by the Public Utility Commission of Texas ("PUC") and owned by a Transmission and Distribution Service Provider ("TDSP"). The PUC reviews and approves the rates that the TDSP can charge to transport and distribute electricity to your service location. These charges are passed on by Tara Energy to you, the Customer, along with certain charges and fees assessed by the Electric Reliability Council of Texas ("ERCOT").

Types of Products

We provide electricity under three different product types: fixed rate, indexed and variable price. Your EFL specifies the product type and the term that applies to your contract. Please note that only those parts of this "Product Types" section that describe your specific product type will apply to your contract.

Fixed Rate Products. Fixed Rate Products have a contract term of at least three months. The price of a fixed rate product may only change during a contract term to reflect actual changes in TDSP charges, changes to the ERCOT or Texas Regional Entity administrative fees charged to loads, or changes resulting from federal, state or local laws that impose new or modified fees or costs on us that are beyond our control. Price changes resulting from these limited circumstances do not require us to provide you with advanced notice however, each bill issued for your remaining contract term will notify you that a price change has been made.

Term Indexed Products. Term indexed products have a contract term of at least three months and a price that changes according to a pre-defined pricing formula that is based on publicly available indices or information. The price for term indexed products may also change without advance notice to reflect actual changes in TDSP charges; changes to the ERCOT or Texas Regional Entity administrative fees charged to loads; or changes resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs on us that are beyond our control.

Month-to-Month Indexed Products. Month-to-Month indexed products have a contract term of thirty-one (31) days or less and a price that changes according to a pre-defined pricing formula that is based on publicly available indices or information. The price for month-to-month indexed products may also change without advance notice to reflect actual changes in TDSP charges, changes to the ERCOT or Texas Regional Entity administrative fees charged to loads, or changes resulting from federal, state or local laws or regulatory actions that impose new or modified fees or costs on us that are beyond our control.

Variable Price Products. The price of a variable product can change, without notice to you, after your first billing cycle at the sole discretion of Tara Energy. Variable price products have a contract term of thirty-one (31) days or less and a price that varies according to the method disclosed on your EFL.

Associations Members (If Applicable)

Tara Energy may be paying a management fee to your Association to help administer this benefit on behalf of membership. All questions regarding this management fee should be addressed to your Association.

JustGreen Product

Renewable energy certificates or attributes equivalent to 100% of your electricity usage, for a flat fee each month. You may request to discontinue use of JustGreen at any time, so long as you are not in breach of this Agreement. JustGreen may be suspended or discontinued by us at any time (you will then stop paying for it but the rest of this Agreement will remain in effect).

Length of Service

Your service under this Agreement will begin on your next meter reading date according to applicable rules. In the event that your TDSP is unable to perform the switch as scheduled, you will continue to receive electricity service from your current provider and will not receive a bill from Tara Energy until the actual switch occurs. This date will appear on your first bill. Your initial length of service is indicated on your Enrollment or Renewal Form and/or in the EFL.

For term products, a contract expiration notice will be sent at least 14 days prior to the end of the initial contract term. If you fail to renew your contract with Tara Energy or switch to another REP, your service will automatically continue on a month-to-month basis after the expiration of your initial contract on the Default Renewal Product, which is a variable price product whose price will be determined by current market conditions until cancelled by either you or Tara Energy.

Option to Blend-and-Extend

The Customer may request Tara Energy to structure a new "blend-and-extend" contract that allows the Customer to benefit from the lower market rates in exchange for lengthening its term of contract with Tara Energy. Following such request, at Tara Energy's option, Tara Energy will structure and offer such contract to Customer, who may then choose to accept such contract. In the event that the Customer chooses not to accept the offered contract, Customer will continue to be served under its existing contract with Tara Energy.

Right to Rescission

If you are switching to Tara Energy from a different REP, you may rescind this Agreement without penalty at any time before midnight of the third federal business day after receiving this Agreement. PUCT rules permit Tara Energy to assume that you will receive this Agreement three (3) federal business days after we mail it to you. You may call us or write to us to rescind this Agreement at 713-830-1019 or toll-free (866) GET-TARA and 5251 Westheimer Rd. Suite 1000, Houston, TX 77056.

Right to Cancel

Tara Energy may cancel your Agreement if you do not pay your bills in full and on time. We may also cancel this Agreement if we are no longer a REP in your areas or for any other lawful reason, including in response to changing market conditions. Tara Energy will provide you with written notice at least fourteen (14) days prior to cancellation.

Customer may cancel this Agreement without penalty in the event Tara Energy can no longer provide service. Customer may also cancel this Agreement without penalty by giving notice of a move to a different premise and providing reasonable proof of such move, including but not limited to a forwarding address. In the absence of such proof, Tara Energy will charge an Early Termination Fee as stated in your EFL. If Customer contacts Tara Energy directly to cancel, the Early Termination Fee will be waived.

In the event of cancellation, (i) you will have to contact another REP directly to have your electric service reconnected and (ii) all amounts owed by you to Tara Energy shall become immediately due and payable.

Billing & Payment

Following the switch to Tara Energy from your current provider, you may receive a bill for less than one month's service. After the initial bill, you will receive a new bill from Tara Energy each month for each ESI ID for which you are receiving service pursuant to this Agreement. Should you switch providers before the end of your billing cycle you will receive a bill for a partial month of service for the last month's service. Additionally, Tara Energy will bill you on behalf of your TDSP for the services the TDSP provides. All bills are due and payable 16 days from the date on the bill for service to all ESI IDs.

If actual charges are not available to Tara Energy at the time of preparation of your invoice, Tara Energy reserves the right to bill you on good faith estimates of charges for the month. If estimated charges are included on your invoice, they shall be identified as such and shall be reconciled against actual charges once Tara Energy has received such actual charges.

JustGreen Option

We will purchase and retire renewable energy certificates or attributes equivalent to 100% of your electricity usage. You can request to discontinue the purchase of renewable energy certificates or attributes at any time, so long as you are not in breach of this Agreement at the time of the request. We can suspend or discontinue JustGreen at any time (you will then stop paying for it but the rest of this Agreement will remain in effect). Renewable energy certificates or attributes that we purchase and retire on your behalf will: (a) relate to renewable energy produced in the year you pay for the units and (b) remain our legal property.

Additional Charges & Fees

Tara Energy will charge a one-time late payment penalty of 5% for each delinquent month's charges that remain unpaid after the bill due date, unless you qualify for the low-income rate reduction program. Additionally, Tara Energy will charge 1) a \$30 fee for any returned check, electronic fund transfer or credit card transaction not processed due to insufficient funds or credit availability, 2) a \$22 disconnection notice fee for issuance of an electric service disconnection notice (this fee will be assessed regardless of whether your electric service is actually disconnected), 3) a \$20 reconnection fee in the event that Tara Energy processes a reconnection transaction on your account. Such fees are in addition to any disconnect/reconnect fees that may be assessed by your TDSP, and 4) for plan specific fees please refer to that plan's EFL.

Acceptance by us of any partial payment from you will not relieve you of your obligation to pay the full amount owed. You will be responsible for any non-recurring fees assessed by the TDSP and/or Tara Energy associated with requests for move-in or switch, self-selected switches, disconnection and reconnection fees, previous billing errors, meter tampering or meter read errors, or other errors or omissions.

Payment & Discount Programs

In certain circumstances for which Customer must qualify, you may have the right to establish a payment arrangement or deferred payment plan with Tara Energy. A payment plan allows you to pay your bill after the due date, but before the next bill is due. A deferred payment plan is an arrangement between Tara Energy and a Customer that permits the Customer to pay an outstanding bill in installments that extend beyond the due date of the next bill. Tara Energy will confirm all deferred payment plans in writing.

Tara Energy offers an Average Billing Plan to give you the convenience of having a predictable monthly bill amount. To qualify for the Average Billing Plan, a Customer must not be currently delinquent. Delinquent Customers should contact Tara Energy to determine if they qualify for the Average Billing Plan. The average energy charge is calculated by using up to your last twelve (12) months' kWh usage multiplied by your current price per kWh, divided by twelve (12) months. This amount is added to your estimated monthly TDSP charges, your base monthly charge, and any applicable regulatory charges, assessments and taxes. Additionally, you remain responsible for any non-recurring charges from your TDSP. Periodically, but not less than once each year, Tara Energy will review your account and calculate a new average bill amount accordingly; any overpayment will be credited to your account or refunded to you, and any underpayment will be collected from you in equal installments over the next reconciliation period. You may opt-out of the Average Billing Plan at any time by paying your full balance due and providing written notice of your desire to be removed from the Average Billing Plan to Tara Energy. The Average Billing Plan does not affect your obligation to pay for all actual usage and other associated charges, taxes and fees. Failure to pay your monthly bill on or before the stated due date may result in Tara Energy proceeding with normal collection activities including the assessment of late fees, disconnection for non-pay, etc. If you need help paying your bill, you may qualify for additional low-income energy

assistance programs in your community.

Tara Energy offers each Customer the opportunity to voluntarily contribute to a bill payment assistance program for qualified residential Customers. You may find more information about Tara Energy's bill payment assistance program on your billing statement.

Additional information regarding any of the aforementioned programs may be obtained by contacting a Tara Energy customer service representative at 713-830-1019 (or (866) GET-TARA).

Default & Disconnection of Service for Nonpayment

If you fail to remit payment as specified above in Billing and Payment, Tara Energy may order the TDSP to disconnect electric service to the premise(s) served under this Agreement. You will be liable to Tara Energy for all billed amounts and any charges associated with disconnection of service for nonpayment and reconnection. We reserve the right to pursue all legal remedies available to us to collect any amounts lawfully owed. In the event you fail to pay your bill in accordance with this Agreement, you agree to pay reasonable collection costs and expenses (including attorney's fees and third party collection fees) we incur as a result of our attempt to collect any amounts you owe.

In the event that you have more than one agreement with Tara Energy for service to ESI IDs not receiving service under this Agreement, any failure to pay under another agreement with Tara Energy will constitute a default under this Agreement and shall give Tara Energy the right to terminate this Agreement and seek any other remedy available to Tara Energy at law or in equity.

Credit Eligibility & Deposits

By applying for service, you agree that Tara Energy may check your personal credit. Failure to demonstrate satisfactory credit, will allow Tara Energy to require a deposit prior to receiving service. You will not be required to pay an initial deposit, if you are at least 65 years of age and you do not have a current delinquent balance with your current REP, or if you have been a victim of family violence and can provide a certification letter pursuant to PUCT Substantive Rule §25.478(a)(3)(D) <http://www.puc.texas.gov/agency/ruleslaws/subrules/electric/25.478/25.478.pdf> Customers who provide sufficient information to demonstrate that they qualify for the low-income rate reduction program may pay a required deposit that exceeds \$50.00 in two equal installments.

Additionally, you may be required to pay a deposit once service has begun if you have paid late twice or been disconnected during the previous twelve (12) months. The total amount of all deposits required shall not exceed an amount equivalent to the greater of one-fifth of the estimated annual billing for electric service or the sum of the estimated billings for electric service for the next two (2) months. The estimated billing for initial deposits is based on a reasonable estimate of the average usage for the applicable customer class. The deposit shall earn and be paid interest as per PUCT guidelines at the stated PUCT rate. Upon termination of the contract or twelve (12) consecutive on-time payments, the deposit, less any money owed, will be returned to the Customer.

Changes in Laws or Regulations

In the event that there is a Change in Law (as defined below), Tara Energy reserves the right to modify this Terms of Service. Tara Energy will provide you with fourteen (14) calendar days' advance written notice of any modification, either in your bill or in a separate mailing. The modifications will become effective on the date stated in the notice unless you cancel your Agreement in writing. You may cancel your Agreement without penalty no later than the effective date of the modification. Notice is not required for a modification that benefits you. Change in Law means any change in federal, state or local law or any legislative or regulatory action that imposes new or modified fees or costs on Tara Energy that are beyond Tara Energy's control.

Cargos No Autorizados - Cargos en exceso (Cramming)

Usted tiene derecho a que únicamente se le cobre por los servicios que ha autorizado, así como el derecho a cuestionar cualquier cargo o cargos no autorizados. Antes de que Tara Energy incluya un cargo en su factura por un producto o servicio específico, nosotros le informaremos acerca de ese producto o servicio, incluyendo todos los cargos asociados, y obtendremos su autorización para incluir esos cargos en su factura. Necesidades Especiales para el Servicio de Energía Eléctrica

Usted puede calificar como (i) Cliente Residencial con Condición Crónica si usted, u otro residente permanente de su hogar ha sido diagnosticado por un médico con una condición médica que requiere un aparato que utiliza electricidad o necesita calefacción o aire acondicionado para prevenir que le afecte una función vital debido al deterioro o empeoramiento de la condición médica de la persona o (ii) Cliente Residencial de Cuidado Crítico si usted u otro residente permanente de su hogar ha sido diagnosticado por un doctor que depende de un aparato médico eléctrico para sostener su vida. Si la condición médica es diagnosticada como una condición permanente, la designación como Cliente Residencial con Condición Crónica será efectiva durante un año o hasta que la persona con la condición médica ya no resida en el hogar, cual plazo sea menor. De otra manera, la designación Cliente Residencial con Condición Crónica será vigente durante 90 días. La designación Cliente Residencial de Cuidado Crítico será vigente durante dos años. A solicitud suya, nosotros le proveeremos la aplicación aprobada por la CSPT para la designación Cliente Residencial de Cuidado Crítico y Cliente Residencial con Condición Crónica la cual deberá ser completada por su medio y devuelta a la compañía de distribución.

Lectura y Prueba del Medidor

Si usted cree que su medidor no está funcionando adecuadamente, por favor notifique a Tara Energy y nosotros nos pondremos en contacto con el Proveedor de Servicio de Transmisión y Distribución ("TDSP", sigla en inglés) en su nombre, o póngase directamente en contacto con su TDSP para solicitar una prueba del medidor. Usted tiene derecho a que se compruebe el buen funcionamiento de su medidor de energía eléctrica de manera gratuita una vez cada cuatro años. Si usted solicita que se compruebe el buen funcionamiento de su medidor más de una vez cada cuatro años, y se determina que el medidor está funcionando adecuadamente, se le puede cobrar un recargo por la ejecución de la(s) prueba(s) adicional(es) del medidor, de conformidad con las tarifas de su TDSP. La prueba del medidor deberá realizarse durante las horas normales de trabajo del TDSP. Si usted desea estar presente para observar la prueba, entonces esta prueba será programada de tal manera que usted pueda asistir dentro de las horas normales de trabajo del TDSP. Luego de completar cualquier prueba del medidor que se hubiese solicitado, el TDSP le informará inmediatamente la fecha en la que se realizó la prueba, quién la llevó a cabo, los resultados de la misma, y (de ser aplicable) la fecha en que el medidor fue retirado. Si usted prefiere leer su propio medidor, por favor póngase en contacto con el TDSP en su área para recibir instrucciones sobre cómo leer su medidor.

Protecciones del Servicio

Tara Energy no desconectará su servicio eléctrico ni terminará nuestro Contrato con usted a causa de: (i) mora en el pago por parte de un inquilino anterior; (ii) incumplimiento en el pago de cargos no relacionados con el servicio de energía eléctrica; (iii) incumplimiento en el pago por cualquier tipo de servicio de energía eléctrica diferente; (iv) incumplimiento en el pago de una sub-facturación, que no sea por robo del servicio, que se encuentre vencido por más de seis (6) meses; (v) incumplimiento en el pago de un cargo cuestionado hasta que se realice una determinación exacta; (vi) incumplimiento en el pago de una sub-facturación debido a una medición defectuosa, a menos que el medidor haya sido manipulado; o (vii) incumplimiento en el pago de facturas estimadas, tal como se haya solicitado, cuando la lectura real de datos del medidor no se encuentre disponibles. Además, Tara Energy no desconectará su servicio ni terminará nuestro Contrato con usted durante una emergencia causada por condiciones climáticas extremas, o durante un feriado o fin de semana. Si usted está recibiendo asistencia para el suministro de energía, Tara Energy no desconectará el servicio ni terminará su Contrato con usted debido a la falta de pago, siempre que Tara Energy reciba una garantía, carta de intención, orden de compra, u otra notificación en el sentido de que un proveedor que brinda asistencia para el servicio de energía enviará el pago suficiente para permitir la continuidad del servicio. Adicionalmente, en caso de que la desconexión del servicio de energía eléctrica pudiese ser la causa para que alguna persona que vive en su residencia sufra una enfermedad grave, por favor póngase en contacto con Tara Energy para solicitar ayuda. Refiérase a sus Términos del Servicio para obtener mayores detalles.

Reclamos y Desacuerdos del Cliente

Usted tiene derecho a contactarse con nuestros representantes del servicio para formular preguntas acerca de su servicio de energía eléctrica o sobre los cargos incluidos en su factura, para dar por terminado su servicio y llevar a cabo cualquier otro negocio relacionado con los servicios que nosotros le suministramos. Usted puede presentar un reclamo a Tara Energy, ya sea personalmente o por medio de una carta, facsímil, correo electrónico o teléfono. Tara Energy investigará enseguida dicho reclamo y le comunicará los resultados dentro de veintiún (21) días.

Usted tiene derecho a interponer un reclamo formal o informal ante la PUCT (y Tara Energy no puede ni podrá limitar ese derecho). Mientras se encuentre pendiente cualquier reclamo ante la PUCT, Tara Energy no iniciará actividades de cobro con relación a la porción de la factura que ha sido cuestionada. Usted estará obligado/a a pagar cualquier porción no cuestionada de la factura y Tara Energy podrá proseguir con la desconexión del servicio por falta de pago de la porción no cuestionada, luego de enviar la notificación correspondiente. Si desea ponerse en contacto con la PUCT, al final de este documento encontrará la información de contacto de la PUCT.

Idioma

Usted tiene derecho a especificar si desea recibir los siguientes documentos e información ya sea en inglés o en español: declaración sobre "Sus Derechos como Cliente"; documentos relacionados con los Términos del Servicio; Etiqueta de Datos sobre Electricidad, notificaciones de facturas y notificaciones de terminación, información sobre la disponibilidad de nuevos servicios de energía eléctrica, programas de descuento, promociones; acceso al servicio al cliente, incluyendo el restablecimiento del servicio de energía eléctrica y respuestas a inquietudes acerca de la facturación.

Cambio No Autorizado del Servicio - "Slamming" (acción forzada o impuesta)

Usted tiene derecho a elegir su proveedor minorista de energía eléctrica. Cualquier cambio con respecto a su proveedor minorista de energía eléctrica podrá efectuarse únicamente con su permiso. Si usted cree que Tara Energy o cualquier otra entidad ha cambiado su servicio de energía eléctrica hacia otro proveedor sin su permiso, por favor póngase en contacto con Tara Energy para rectificar este problema. Tara Energy no apoya la práctica del slamming (o acción forzada o impuesta) y cuenta con procedimientos adecuados para impedir esta práctica.

Desconexión y Terminación del Servicio

Usted no tiene derecho a recibir servicio de energía eléctrica sin efectuar pago alguno. Tara Energy tiene derecho de desconectar su servicio y terminar nuestro Contrato con usted si usted no cumple con el pago del servicio que se le proporciona. Antes de que Tara Energy pueda desconectar su servicio y/o terminar nuestro Contrato con usted, usted tiene derecho a que se le proporcione una notificación de desconexión y/o terminación, mediante la cual se le informará las razones para la desconexión y/o terminación y las medidas preventivas que están disponibles y que deberían tomarse a fin de evitar la desconexión.

En caso de que su servicio haya sido desconectado por falta de pago o por cualquier otra razón, por favor póngase en contacto con Tara Energy inmediatamente. Luego de la corrección satisfactoria de las razones que causaron la desconexión, lo cual incluye el pago de los recargos correspondientes a la desconexión y reconexión, Tara Energy notificará al TDSP para que su servicio sea reconectado.

Programas de Pagos y Descuentos

Si usted se pone en contacto con Tara Energy para indicar su incapacidad para pagar una factura, nosotros le informaremos acerca de todas las opciones de pago aplicables y de los programas de asistencia para efectuar pagos, tales como un acuerdo de pago, plan de pago diferido, facturación del promedio/saldo o programas de asistencia para brindar energía eléctrica a personas de bajos ingresos. Adicionalmente, usted puede calificar para beneficiarse de los programas de ayuda financiera y asistencia en el servicio de energía eléctrica. Por favor refiérase a sus Términos del Servicio para obtener mayores detalles.

Los descuentos de las tasas a través del Programa de Descuento LITE-UP de Texas fueron reincorporados por la Legislación de Texas, a fin de proporcionar descuentos durante los meses de verano a solicitantes calificados. Con el fin de aplicar directamente con LIDA para ser considerado elegible, por favor llame al número 1-800-241-7011. Tara Energy ofrece los beneficios de este programa tal como lo requiere la norma aplicable.

Lista de Registro para No-Recibir-Llamadas

Los clientes pueden añadir sus nombres, direcciones y números telefónicos a una lista del servicio de energía eléctrica auspiciada por el Estado para no-recibir-llamadas. Un cliente que se ha registrado para que le incluyan en la lista del servicio de energía eléctrica para no-recibir-llamadas puede esperar que dentro de un plazo de sesenta (60) días ya no reciba llamadas de tele marketing a nombre de REPs. El cliente deberá pagar un recargo que no excederá de \$5.00, para registrarse al momento de la inscripción por medio de una tarjeta de crédito, cheque o giro postal, según sea el caso. Dicho registro lo puede realizar a través de la opción de No-Recibir-Llamadas del Servicio Postal de los Estados Unidos en Texas, P.O. Box 313, E. Walpole, MA 02032; vía Internet a www.texasnocall.com, o telefónicamente llamando al número 1-866-896-6225. El registro de un número telefónico en la lista del servicio de energía eléctrica para no-recibir-llamadas expira después de cinco (5) años. Un cliente registrado puede continuar recibiendo llamadas de tele vendedores que no sean REPs; en tal caso el cliente podrá, como una alternativa o adicionalmente, registrarse en la lista de Texas para no-recibir-llamadas, cuyo objetivo es limitar las llamadas de tele marketing relacionadas con productos y servicios para el consumidor en general, incluyendo aquellas del servicio de energía eléctrica.
